Lindogon, Sibonga, Cebu

Software Developer with 4+ years of experience in Web and iOS development, specializing in building, maintaining, and optimizing reliable applications. Experienced in web development using PHP frameworks such as CakePHP and CodeIgniter, WordPress, and MySQL, as well as iOS development using Swift, UIKit, and SwiftUI. Skilled in developing application features, troubleshooting issues, improving performance, and writing clean, maintainable code. Committed to delivering high-quality software solutions through best coding practices, code reviews, and unit testing.

SKILLS

Technical Skills

- iOS Development: Swift, UIKit, SwiftUI
- Web Development: PHP, CakePHP, CodeIgniter, WordPress
- Database: MySQL
- Tools & Practices: Git, RESTful APIs, Unit Testing

Professional Skills

- Problem-Solving
- Adaptability
- Analytical Thinking
- Attention to Detail
- Team Collaboration

WORK EXPERIENCE

Forty Degrees Celsius Inc.

Aug 2023 - Present

iOS Developer, Nov 2024 – Present

- Develop and maintain features for a production iOS application using Swift, UIKit, and SwiftUI.
- Build new screens based on Figma designs, integrate REST APIs, and write XCTest unit tests.
- Troubleshoot and resolve bugs, investigate app crashes using Firebase Crashlytics, and improve application stability and performance.
- Follow team coding standards using SwiftLint and participate in code reviews to ensure code quality.
- Utilize AI-assisted development tools to streamline implementation, troubleshoot issues, and improve productivity while adhering to company standards and guidelines.
- Use Git for version control, working with feature branches and pull requests.
- Completed an internal skill-change training program and was selected to transition from the web development team to the iOS team.

Web Developer, Aug 2023 – Nov 2024

- Developed and maintained production web applications using PHP (CakePHP) and MySQL.
- Implemented new features and enhancements, including front-end and back-end functionality and REST API endpoints.
- Troubleshot and resolved bugs, investigated issues, and maintained existing application functionality.
- Contributed to upgrading the codebase to PHP 8 and maintaining up-to-date dependencies.
- Built responsive front-end interfaces using JavaScript, HTML, and CSS.
- Used Git for version control and collaborated through code reviews.

Proweaver Inc.
Aug 2022 - Aug 2023

Web Developer
- Developed and maintained websites using CodeIgniter and WordPress.
- Built responsive and user-friendly front-end interfaces using HTML, CSS, and JavaScript.
- Collaborated with designers and developers to translate project requirements into functional websites.
- Integrated third-party APIs and libraries to extend website functionality.
- Debugged and resolved issues to improve website functionality and user experience.
- Communicated with clients to understand project requirements and provided technical recommendations.

Flexi Finance Asia Inc.
Apr 2022 - Jun 2022

Web Developer (OJT)
- Gained hands-on experience in front-end web development using HTML, CSS, and JavaScript.
- Contributed to a development project to strengthen practical programming skills.
- Applied web development best practices and industry standards.

EDUCATION

Bachelor of Science in Information Technology
Cebu Technological University – Argao Campus
2018–2022

AWARDS & ACHIEVEMENTS

- 2nd Top Performer – Proweaver Inc. | Mar 2023
- 3rd Top Performer – Proweaver Inc. | May 2023
